RE: Site 15, Old Navy Exchange Gas Station
Closure Document
Naval Air Station Fallon

Dear CAPT Rogers:

The Nevada Division of Environmental Protection (NDEP) has received and evaluated your July 10, 2001 closure submittal. This document was prepared in response to NDEP's February 25, 1999 letter concerning the closure requirements for Site 15 - Old Navy Exchange Gas Station, Naval Air Station Fallon. This closure report has addressed and incorporated NDEP's concerns/comments provided to the Navy on February 25, 1999 and January 4, 2001.

NDEP concurs with NAS Fallon's No Further Action recommendation based upon the information and data provided to date (1988 PA/SI, NDEP's May 11, 1999 site inspection, and NAS Fallon July 10, 2001 Closure Report). If future information or conditions warrant, NDEP may request further information, data, investigation and/or remediation.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Liebendorfer".
